Which vehicle would  
you prefer? \_\_\_\_\_

Just send this form to us at the address overleaf and  
we'll be in touch with our quotation.

Please bear in mind that each of these vehicles is one of our "pets" – they are part of our families, not just vehicles available for hire. Because of their age, we regret that it is not possible to offer disabled access, and space for luggage and pushchairs is very limited. If for any reason your preferred bus is unavailable on the day, we will replace it with another vintage bus if available, otherwise with a modern bus at reduced cost.

classic buses or a car for your  
wedding or function.*

*Ask us for a quote today!*

*(Or fill in the form overleaf...)*

Lancet Bus 1947 "Blodwen"

Dennis Coach  
"Bessie" 1950

### *For a really stylish wedding*

If you'd like to travel in style to your wedding reception, or give your guests a day to remember, then contact us - we'd be

delighted to help you choose from our fleet of vintage cars and buses. We pride ourselves in offering a really personal service - it's your special day after all!

### *Want to treat someone special?*

Why not celebrate that special event - a birthday or anniversary with a trip in our lovingly restored vintage car? What a great experience to be driven in this little gem by one of our helpful and skilled drivers.

Austin York 1935

### *Our vehicles*

We have a range of vehicles to suit your needs, from our vintage 1935 Austin York through to our Dennis Lancet bus and coach plus of course, everyone's favourite, the London Double Decker Routemaster bus.

Routemaster  
"Bubbles" 1965

### *1965 London Routemaster - "Bubbles"*

Everyone knows the Routemaster! Ask any visitor to the UK what they remember about London, and it will be the big red bus. Our bus spent its first ten years in the country areas of Surrey, before acquiring its familiar red livery and moving to central London in 1975, where it continued in ordinary service until 2005. It still carries its London red coat, and remains our most popular vehicle for all events. *Top speed 38mph, seats 72, based at Finningley.*

### *1950 Dennis Coach - "Bessie"*

This extremely attractive coach spent its early years with the East Kent Road Car Company and still carries their rich cherry and cream livery. It went to the seaside depot of Rye from where it worked South Coast Express services for most of its service life. In 1964 it was sold and became a contractor's vehicle before entering the preservation scene in the 1970's. In the 1990s, rebuilding commenced, but later stalled. We acquired the coach in 2011, and have completed a full restoration to return it to "good as new" condition. *Top speed 50mph, seats 32, based at Retford.*

### *1947 Dennis Lancet Bus - "Blodwen"*

East Kent Road Car Company bought many examples of this fine bus: as a dual-purpose vehicle, it could run local village bus services but was equally at home and fast enough to run express services. She spent most of her time on the Canterbury to London express service up the old A2. We acquired her in 1996, and she is incredibly popular for traditional weddings. *Top speed 47mph, seats 35, based near Brigg.*

### *1935 Austin York - "Ethel"*

The York was a very classy car, much favoured by solicitors and doctors. For a car of this age, it is surprisingly spacious, and is ideal for bride-and-groom, or for very special family outings. The rear passenger doors are hinged at the back, making entry and exit - and photography - much easier than with a modern car. *Top speed 50mph, seats 3, based at Retford.*
